From the Desk of the Director

Dear students,

It gives me immense pleasure to introduce you to the Indian Law Institute. The Indian Law Institute (ILI) was established in 1956 with the objective of promoting advanced studies and research in law. Over the years, ILI has established itself as an institution of excellence in the field of legal education and research. In recognition of ILI's contribution to critical legal research, the Institute has been awarded the accreditation rating of “A Grade” by the National Assessment and Accreditation Council (NAAC).

The prime objective of ILI is to cultivate and promote the science of law and this is guided by the vision of constitutional justice, and accessibility and social justice, which remain our guiding stones. Besides research, ILI is committed to evolving a critical legal pedagogy to meet the ends of socially relevant legal education by contributing to higher education in India. In view of its commitment for promotion of advanced studies in law, ILI offers doctoral programmes and postgraduate courses.

The Masters Course in Law i.e. LL.M. (one year) is formulated as per the guidelines issued by the University Grants Commission. The one-year LL.M. course has been re-structured and thoroughly revised in order to offer a bigger basket of specialised courses to the students. The students are also offered a range of elective courses within their field of specialization. We try to ensure that research expertise of the faculty is translated into the courses and concerted efforts are made to encourage inter-disciplinary orientation. We strongly believe that legal education needs to re-invent itself continually to respond to the contemporary social, legal and political issues, part of continuous improvement, the faculty at ILI undertakes periodic revisions of the curriculum. Apart from the LL.M. programme, ILI also offers postgraduates diplomas in different areas of law.

In order to provide better and wider exposure to the students we organize special lectures by eminent scholars from India and abroad on a regular basis. ILI also has a full-fledged video conferencing facility to connect students and faculty with legal luminaries, scholars and writers in different parts of the world. ILI has also been instrumental in conducting various International and National Conferences on contemporary socio-economic-legal issues. Students, faculty and researchers from different parts of the country and abroad are encouraged to visit the Institute for the purpose of doctoral and post-doctoral research and participate in various academic activities of the Institute.

ILI has one of the biggest law libraries in Asia with about 80,000 titles in law and allied subjects. The library resources are regularly updated to ensure that our collection reflects latest research and writing in various fields allied to law. The library receives about 260 legal periodicals including serial publications. Its digital wing i.e., Legal Information Resource Centre (LIRC) has many legal databases including SCC Online, AIR Infotech, Law Premium, West Law, Lexis – Nexis, Heinonline, JSTOR, etc. ILI also undertakes research projects from various Ministries and the Departments of the Government and other agencies and instrumentalities of the State.

To meet our goal of achieving equity with excellence, ILI has institutional measures to ensure that financial constraints do not dissuade meritorious students from pursuing higher education in law. To this end, the Institute offers merit-cum-means scholarships to the eligible students. We can proudly say that ILI strives everyday to translate legal education into justice education by creating an intellectually stimulating environment for students, researchers and faculty.

We welcome you to join us in our academic pursuit of realising the promise of justice education.

(Prof. (Dr.) Manoj Kumar Sinha)
1. The Institute

The Indian Law Institute (ILI) was founded in 1956 primarily with the objective of promoting and conducting legal research. It was established as a result of the efforts of the leading jurists of India for over a number of years. It is a truism that a sound legal order is the basis of a democratic society, because law is one of the major instrumentalities by which a society can hope to prosper and develop. There were many important reasons impelling the establishment of a national legal research centre. First, there was a need for reinvigorating legal research as the law, the legal research and the legal education had been neglected areas in India, both before and after Independence. Second, there was a need for a sustained institutionalized research encompassing projects requiring field studies and group thinking. Third, it was necessary to bring together different branches of the legal profession, namely, judges, lawyers and law teachers with a view to develop an integrated approach to law in society.

The objectives of the Institute are to cultivate the science of law, to promote advanced studies and research in law so as to meet the social, economic and other needs of the Indian people, to promote systematization of law, to encourage and conduct investigations in legal and allied fields, to improve legal education, to impart instructions in law, and to publish studies, books, periodicals, etc.

The Institute is an autonomous body registered under the Societies Registration Act, 1860. The autonomous character of the Institute and its independence ensure the requisite academic freedom to carry out its objectives and meaningful research. Its funds come mainly from the Government of India, Ministry of Law & Justice and also from membership fees and sale of its publications. The membership of the Institute is now nearly three thousand and three hundred representing the persons interested in the study and advancement of law.

Hon’ble Chief Justice of India is the ex-officio President of the Institute. The Law Minister of Government of India is its ex-officio Vice President.
